

The SETS Student Assessment Form for Behavioral Assessment

Thank you for visiting our site and downloading our behavioral assessment!

Student assessment is a fundamental necessity for a small or growing program, especially if you provide more individualized – or mentoring – services for **challenged students**. This real-time process will give teachers and staff the detailed view they need to support your students' strengths and address their needs. **Student assessment and program management can help you fine-tune your program as you grow and gain the respect of funders.**

This form is completed periodically by people who see the student frequently. This may include teachers or staff, parents, guardians, guidance counselors, social workers, therapists, etc.

We developed the *Student Evaluation & Tracking System* after founding and directing our after-school program for 20 years. We know from experience that **it improves program performance** ... it also ensured ongoing, **sustainable funding** for us as we transitioned to Merge Education, still serving challenged students.

We hope you find it useful. If you'd ever like to check out the complete **affordable and user-friendly software**, please visit <https://merge-education.com>. And don't hesitate to [contact](#) us!

SETS

Student Evaluation and Tracking System

STUDENT ASSESSMENT

Promoting Success by Accessing Progress

Student: _____ Date of Birth _____ / _____ / _____
MM DD YYYY

Name of Evaluator: _____ Date of Evaluation _____ / _____ / _____
MM DD YYYY

Relationship to Student: _____ Your Agency: _____
